

**NOTE**

- 1. Question No 1 is Compulsory**
- 2. Solve any Three Questions out of the remaining**
3. Assume suitable data if required and specify the same

**Q No 1.** Answer the following questions

- a. State the various steps followed in Tendering Procedure. [5]
- b. Discuss the selection and sizing of UPS. [5]
- c. State the various steps in the implementation of energy monitoring and targeting. [5]
- d. State the various features of Energy Conservation ACT 2001. [5]

**Q No 2A.** Discuss the designing of electrical earthing system. [10]

**Q No 2B.** Find the KVA rating of the transformer required which is feeding following three phase loads. Specify the various specifications required for transformer and its criteria's for the selection. For which load power factor correction is required and why? Calculate the compensating KVAR required. [10]

Load No	Rating KW	LF	DF	Efficiency	Power Factor
1	100	0.8	0.7	0.7	0.95
2	350	0.75	0.6	0.8	0.9
3	200	0.75	0.6	0.9	0.85
4	400	0.8	0.5	0.9	0.7

**Q No 3A** Discuss how electricity bill is useful for energy consumption optimization. [10]

**Q No 3B** A reading room measuring (43m (L) + 18m (B) + 5m (H) requires an average illumination of 400 lux. State the various assumptions in design of lighting system for this room. Calculate the number of lamps required. Draw the lighting layout. [10]

**Q No 4A.** A 50 KW heater, rated for 415V, 3 $\phi$ , 50Hz is connected to PCC by a cable of length 100m. Two other cables are running in a cable tray. Ambient temperature is 40°C. Fault level is 20 KA. Grouping factor is 0.7. Calculate and specify the cable required for the same. [10]

**Q No 4B** Discuss the various electrical load management techniques. [10]

**Q No 5A.** Discuss the energy performance assessment of motors. [10]

**Q No 5B** What are the different types of energy audits? Discuss any one in detail. [10]

**Q No 6A.** Discuss the energy saving potentials of energy efficient transformer and smart lighting system. [10]

**Q No 6B.** Discuss the implementation of Building Management System [10]
